Happenings in and Around Frank

A. V. Lang went to Calgary on Saturday last.

Mr. Martin, the barber at the Frank Hotel, has left town.

Mr. Morgan, the school inspector, visited the Frank school on Monday.

A. J. Bliss left on Saturday for Calgary, where he will spend two or three weeks.

Dr. McKay met the miners at 3 o'clock on Sunday in the Hotel hall, to arrange for a class in "First Aid to be Wounded."

Mrs. C. V. O'Hara went to Lethbridge Tuesday on a visit to her aunt, Mrs. H. M. O'Hara. Mr. O'Hara will remain in Lethbridge.

The Imperial hotel is to have a new manager next week in the person of Mr. Bots who takes charge on Monday. Mr. Bots is giving up control on Saturday.

Two wars were found by the police on Thursday night last when the C. P. R. station. The wars were taken to the barracks and on Friday were sentenced to two months, at Lethbridge, where they were executed on Friday night.

The boys of Frank returned Lethmore boys at hockey on Wednesday in the time of 2-2. This leaves the Frank boys winners of The Cross' Next Year boys league, at least they have beaten both Coleman and Blairmore two games out of three.

Mr. E. Acheson, who now plays on the C. P. R. team for Frank, is not going to accept any of the offers made him to play on either Coleman or Vancouver hockey teams for a number of years, as he wishes to remain in his home town.

The best social given in the school hall on Thursday night was a great success. A good number listened to an interesting and amusing programme, after which Mr. Dunnigan auctioned a large number of beautiful baskets. Mrs. H. J. McGowan got first prize for the most original basket, while Mrs. F. B. Johnson got prize for the most beautiful one. About \$53.00 was realized, which is to be devoted to the work of the boys' scouts in the town.

Coleman Notes

Alex. Cameron, district deputy of the A. F. & A. M., paid an official visit to Cowley lodge on Monday.

A large number of local dress artists danced the whist drive and dinner at Blairmore on Friday night, and report having a fine merry time.

Rev. T. M. Murray went to Lethbridge Monday, where on Tuesday night he delivered an illustrated address on the subject of "Mission Work in India."

The guy who came here a week or so ago to look over Coleman with a view to raising to him a newspaper, got too many local applications or firewater and left as quiet as a lamb. It takes something more than thirty years' experience in newspaper work to qualify a man for the management of a newspaper, he didn't have the stuff for it.

They Say

One of our lawyers in a lucid moment of truth, "Well, I want my clients to be best. Here lies a lawyer for the last time."

Five lady teachers for Blairmore! What a fund for the bachelors—but it's a sinking fund!

The Jennie Russell Co. is the best show for the money that has visited our town.

Dr. de Van's Female Pills
A reliable French preparation for the treatment of all female ailments. These pills are especially powerful in regulating the menstrual period, and in curing all the various ailments of the female system. They are sold at all the leading druggists. Beware of cheap imitations.

February Rod and Gun

"Wild Duck Conservation" by Frank Hyde, formerly Editor of Outdoor Canada, is the leading number in the February issue of Rod and Gun in Canada, published by W. J. Taylor, Limited, Woodstock, Ont.

No sportsman interested in the preservation of this important species of our wild fowl should fail to procure a copy of the February number, and read this article from first to last. A fascinating tale is that which has been contributed by Martin Hunter, the well known writer who spent four years from 1897 to 1903 in the service of the Hudson Bay Co. The story which is entitled "A Tragedy which Caused the Siege of Fort Ellice" deals with the real act of an employee of the company, by which the passions of the Indians were incited and the lives of all in the fort endangered, and the subsequent diplomatic handling of the real matter by the Pacific Fur. Francis in Prince Edward Island. A History Trip in the Lillooet District, British Columbia, a Moose Hunt on the Frontier of the Shuswap in B.C., Quebec, and other articles, serve as interesting reminders of the representative character of this Canadian sportsman's publication.

The Editor's Easy Snap

This is the way some people view an editor's duties.

Most any one can be an editor. All the editor has to do is to sit at a desk six days out of the week, four weeks out of the month, twelve months of the year, and edit and publish the paper.

Mrs. Jones, of Central Street, let an owner slip last week and cut herself in the gutter.

"Close Above" climbed on the roof of his home last week, looking for a leak and fell, striking himself on the back porch.

While Harry Green was scouting the Specie Hall, from the church social last Friday night a savage ball, shot at him and hit Mr. Green several times on the public square. The Boston, of Running Creek, was pelted with a lot of last Friday when it scratched him on the forehead.

Mr. Pas, while harnessing his horse last Saturday, was kicked just south of the fruit bin.

A Fruit Combine

Trade Gazette intimates that such an organization is partly responsible for high cost of living.

The current issue of the Trade Gazette published at Calgary, contains an interesting article on the prevalence in that city of an alleged combine of fruit and produce wholesalers. Prices are fully gone into and it is shown that one firm, said to be outside the so-called combine, is selling fruit and produce at from 25 to 50 per cent cheaper than is quoted by other wholesalers. The question affects not only Calgary, but also the retailers in every town and city in the West and there should read the article very carefully.

In the same issue appears an interesting statement on the "fringe" situation.

The Gazette has been appointed the official organ of the Calgary Builders' Exchange and a large section is devoted to articles of interest to the building trades.

Frank C.P.R. versus Blairmore Married Men

One of the most interesting and exciting games of hockey seen this season was pulled off on the Blairmore rink between the Frank C.P.R. team and the Blairmore married men. At the end of three fifteen to twenty minutes, the score, according to Peter Carruthers, stood 8-0 in favor of the C.P.R. Considering that this was positively the first appearance of

Happenings in and Around Bellevue

Mr. Robt. Connolly is visiting at Spring Creek.

Mitchell's new restaurant is open for business.

George Heel is going to ranch on the North Fork.

Matt. McKenon has moved into Mitchell's boarding house.

Whit. Chappell is doing a big business in Bellevue real estate.

Two thousand dollars in real estate changed hands here during the week.

Several Bellevueites attended the basket social at Frank on Thursday evening.

An office has been opened in town for the sale of "Don's Vista real estate."

Mr. St. Maurice arrived in Hillcrest from Montreal on Sunday.

Mr. Russell and wife are making their home in the house recently vacated by Mr. Elton.

James Marshall and William Connors attended the show at Blairmore on Monday night.

Mrs. Marshall, of Ferrie, was visiting her brothers Messrs. John and Adam Larimer in the camp last week.

Mr. Clement Stubbs was attending the convention of miners at Lethbridge and returning home Tuesday evening.

A church held a concert and social in the church on Tuesday evening. A splendid gathering enjoyed a very pleasant evening.

G. M. O'Brien, M.P.P., addressed a large and interested audience in the Specie Hall on Saturday evening, on Socialism. On Sunday afternoon he addressed a meeting in Hillcrest.

J. Miller who recently came among us from Inverness, will assume charge of the West Canadian Cattle Company's mine at Blairmore on March 1st. The family will move to Blairmore about March 15th.

The Bellevue Sketch club will appear at the back of the social to be given in the church here on Tuesday evening next. The popularity of this amateur aggregation of performers augurs well for dramatic work of a more professional character which will probably be undertaken in the near future.

W. J. Cole kindly handed over his pool room and bowling alley to the Athletic Association on Saturday. The premises were under the direction of the officials during the day and all the proceeds went to promote athletics in the camp. The Athletic Association realized a handsome sum as a result and are very grateful to Mr. Cole for his kind donation.

The report published in the Calgary papers of the halldup of Mr. Harry White, in the slide, appears more startling than the facts as believed here seem to warrant. The slide of night is not the most of a serious misapprehension. The people of this vicinity would not care to see the assurance of the Mounted police that every effort was being made to ensure the safety of all roads now while so many men are out of work.

Fell to His Death

Peter Thomson, teller of the Bank of Hamilton, Fernie, while mountain climbing last Sunday slipped about fifty feet above a steep precipice and sliding over the hard, smooth snow to the brink, plunged headlong to a distance of 150 feet. He regained consciousness and slid and worked his way down the old snowdrift to within a short distance of Fairy Creek, where he was found dead with his arms across the snow, stretched full length upon the snow.

Happenings in and Around Blairmore

C. B. Bartlett went to Macleod on Monday.

J. R. Smith, of the West Canadian Collieries Co. went out to Nelson on Monday.

The Jeanne Russell Co. spent Sunday at the Rocky Mountain Sanatorium, Frank.

Rev. W. M. Armstrong occupied the pulpit of the Central Baptist church on Sunday night last.

L. H. Potnam returned from Fernie Monday, where he had been attending to legal business.

J. G. Smith paid a business visit to Fernie and Dept. Creek on Friday, returning Saturday morning.

Mr. Cleland, Miss Latta, Mr. A. Thompson and Mr. and Mrs. W. Tweedy, of Cowley, spent Sunday in town.

The "Private Secretary" drew a crowded house here on Saturday night and the production was well appreciated.

Mrs. B. Chase and family, who have resided in Blairmore for over a year, have moved to Pocaterra, near Edmonton.

The Ladies' Aid of the Presbyterian church will give a concert in the Mission hall on Tuesday night next, March 5th, commencing at 8 o'clock. Admission 25 cents.

The Polmar Sisters, one of the finest musical companies on tour, will appear at the Blairmore opera house on the night of Wednesday, March 6th.

Fred. W. Hood, manager of the ladies' hockey team, finished, came to town with his team Friday and remained over for the aftermath of whist and dancing at the opera house.

Business around town was considerably handicapped last week owing to a breakdown in our job department. Dr. Smithwood did the necessary trick and things were all humming on Saturday afternoon.

Those desirous of ordering calendars for 1918 need not go out of The Pass for them. We have a splendid line of samples to select from, all appropriate to and representative of the industrial sphere of Southern Alberta, and at prices that will surprise you. — Enterprise

The Jeanne Russell Co. appeared in "The American Girl" at the Blairmore opera house on Monday night, when the usual full house greeted this popular company. On Tuesday night another of their productions, "David Harum," was particularly well presented, while on Wednesday the choice of the company's favorites — "Two Married Men" — won the highest praise from all who were fortunate enough to attend. We regret that space will not permit our giving a lengthy write-up of the high-class play and vaudeville put up by them this week, but bespeak for them as good reception on any future engagement for Blairmore as they will experience in any part of Southern Alberta.

The whist drive and dance given in the opera house Friday night, under the auspices of the Blairmore whist club, was a decided success. Over one hundred and fifty attended and all voted the affair enjoyable. The prize winners were, gentlemen: first prize Mr. James Burrows, booby C. R. Pollock; ladies: first prize, Miss Doud, booby, Mrs. P. Hinde. Professor Crawford's orchestra rendered pleasing music throughout the evening.

Imperial Oil Co. Locates at Blairmore

You have wondered what the large tank that is opposite the depot can be. It is only an oil tank. It is the property of the Imperial Oil Co. and is, at an early date, to be erected near the present position in order to facilitate in the storage and distribution of the Co's oil.

J. D. S. BARTLETT, Editor.
W. J. BARTLETT, Manager.

Bellevue, Alta., Friday, March 1, 1912

To Our Readers.

We are commencing in this issue, the first portion of what we hope shall become a regular feature of the paper, viz., a column devoted to some particular industry of this portion of the Province's Nest Pass. We know the attempt is meagre, and is capable of much improvement, but we have made a beginning, and a good beginning is sometimes half the battle.

In this neighborhood we have in a small area the most valuable natural resources. We know that development is only begun. We have learned something of the immense value of our resources. We have learned something of the market for our products. Time alone is required to bring into this community thousands of people. We want The Pass filled with industrious people, and we are not so narrow-minded as to believe that Blairmore is alone worthy of recognition. We know the assets we possess here. We are sure Blairmore can hold its own with any town and the fact of other towns growing up about us will not detract from ours. But as they grow, we will grow. Their efforts should stimulate us to even greater endeavor. If four towns deserves to be the queen city of The Pass, we have a right to do all we can to make her so.

Let us be loyal to our town and all her best interests, and broad enough to welcome the development that is going on about us. Then shall we be so busy, helping along our own town that we shall have no time to knock others.

EDITORIAL NOTES

Pinecher Creek takes umbrage to an article which appeared in these columns last week in reference to the recent hockey game of Blairmore versus Pinecher on Pinecher ice. They try to disclaim the truth of the article; but we have it from even local sources that some of Pinecher's team acted very unsportsmanlike toward the visitors on that particular occasion. Pinecher has played several games in The Pass, and particularly Blairmore, the present winner, and although Blairmore's team has been the subject of all kinds of misfortunes and defeat they have borne their troubles like true sports and welcomed and treated all visitors with right friendly treatment.

Speaking of clean and dirty hockey playing seems to be a big lot out of place and yet a trifle in place. It is the duty of every citizen, as well as the local paper, to advocate and try to maintain good, clean sports, and to put an end to every attempt to branch off from such ideal. In the past the sports afforded by The Pass teams in both winter and summer games have afforded one of the most interesting features of our existence. On a few minor occasions game partisans have been known to say wayward, but in no case has a reputation been

committed by the same party. From the mere fact that each section never received the slightest encouragement. Every community needs its volume of recreation and sports, and no place is properly existent without these factors.

One of the most important sports of the present day is that of gambling or betting, and its practice should be taken up and treated severely by our authorities. If we can't boost and root in the interest of the game without going crazy and demoralizing its influence through the contents of our pocket linings, we are not sports, and had better by far keep away from the scene of activities.

There is a stick used by hockey players that is intended to root at a piece of rubber on the ice and hit the crust of a human head. It may be that the party to such a brutal act has some of feeling or honor, or else he is so ignorant that he does not know but that a human head is of a rubber composition. This is but an instance amongst some we have seen practiced during the course of some of our late games. This some are apt to call "sport," while in reality the perpetrator is a modest type of a criminal. If we are to have sports and confidence of the sports-loving public, we must maintain the highest and cleanest standard in all its courses.

BLAIRMORE BRIEFS

F. E. Hinds returned from Lethbridge Sunday.

W. A. Beebe paid a visit to Macleod on Tuesday.

W. T. and Mrs. Eddy, of Lundbreck, spent a couple of days in town last week.

W. C. Robinson, of Cowley, came to town Tuesday and left for Calgary at night.

Rev. A. S. Tod went to Lethbridge on Wednesday, to attend the meeting of Presbytery.

J. F. Wilson, of Victoria, B.C., was in town this week. Mr. Wilson will reside at Coleman in future.

The ladies' aid of the Central Baptist church will hold a sale of rock and supper in the Prayer building on the evening of March 20th. Sale will commence at 2 o'clock; supper from 6:30 to 8. Tickets 50 cents.

The Blairmore baseball club are getting busy, and are at present raising funds for the commencement of the coming season's work. It is to be hoped that the good fortune that has attended them in the past will attend them even two fold in the future.

The Pinecher Creek ladies' hockey team paid Blairmore a visit Friday night and were defeated by the local team by a score of 2-1. The game was good and fast right through and the referee had the time of his life shying clear of the "petticoats." Harry Hilton, of Pinecher, referred the game in a fair manner. The line-up was as follows:

Pinecher: Miss Brydges goal; Mrs. R. Hinde Miss Marshall; point Mrs. W. Fisher; Miss Marshall; a point; Miss Hilton; center; Miss Fisher; Miss Dwyer; center; Miss Turner; Miss Marshall; r. w. Miss Holloway; Miss Hanney; l. w. Miss Patterson.

Blairmore: Miss Brydges goal; Mrs. R. Hinde Miss Marshall; point Mrs. W. Fisher; Miss Marshall; a point; Miss Hilton; center; Miss Fisher; Miss Dwyer; center; Miss Turner; Miss Marshall; r. w. Miss Holloway; Miss Hanney; l. w. Miss Patterson.

Lewis Stockert, president of the Western Canadian Coal Operators' Association, is in the city to-day conferring with P. F. Nalamb, of the A. R. & L. Stockert, who shortly take over the management of the Oak Collieries here, and will have charge of the C. P. R. mines at Hemmer, Lethbridge and Barkhead. It is rumored that he, too, will move to Calgary and have his offices in the natural resource department of the C. P. R. as general superintendent of the company's mines in the province. — Lethbridge Herald.

Lundbreck Notes

J. McFarlane has returned from Macdonald.

J. Smith said a visit to Cowley last Sunday.

Norman MacDonald, of Lundbreck, has gone to Calgary.

Lee Griffiths of this town, has gone to work in Cowley.

Dan Ingles and wife, of Bellevue, were here visiting a few days ago.

On Monday last a fine baby girl was born to Mr. and Mrs. Huih of this town.

Mr. Lancaster of the B. and C. Co., returned last week from a visit to Calgary.

Mr. and Mrs. Carson and family left Lundbreck for Barnis last Wednesday.

Mrs. Moore and Smith walked from Lundbreck to Cowley last Thursday.

Mrs. McCallion and daughter Alice visited friends at Coleman on Thursday last.

The party that left Lundbreck to attend the "Pall" returned at Coleman on Friday last, report a good time.

J. Francis is shortly going to his homestead. We wish Mr. Francis every success in his new venture.

Mr. and Mrs. C. G. Moore left town on Saturday to spend the week and with Mr. and Mrs. Drury of Cowley.

Mr. Edwards, Methodist minister, was in town on Saturday, visiting friends. He held Divine service here in the Anglican church on Sunday evening.

Constable Meade, of this town, has been transferred to Blairmore. He left for that town on Saturday last. His place here has been taken by Constable Hogan.

The Reverend Mr. Simpson has just had his house improved by a strong timber veneer. Mr. Simpson has been busy meanwhile adding an additional room or two to his house.

How to cure a cold is a question in which many are interested just now. Chamberlain's Cough Remedy has won its great reputation and immense sale by its remarkable cure for colds. It can always be depended upon for a cure by all dealers.

The dance given here lately under the auspices of the Victorian Order of Nurses, was a great success. Lundbreck and neighborhood was well represented. Dancing continued into the "small hours."

The children of Lundbreck school had to fall in with the rules of the new health act last Monday. The new act requires all children attending school to be vaccinated. There is no child now at the Lundbreck school who is not qualified under the new act.

A piece of flannel dampened with Chamberlain's Liniment and bound on to the inflamed part is superior to any plaster. When troubled with lame back or pains in the side or chest give it a trial and you are certain to be more than pleased with the prompt relief which it affords. Sold by all dealers.

Mr. Sparrow, late of the Galbraith Coal Co., was in town last week. He gave glowing accounts of the Jasper Park district, whither he has now returned with his family. The output at the Jasper Park mine is said to be 400 tons daily. Three 400 tons are said to be taken by the G. T. P., which is asking for more.

It is rumored that the Breckenridge & Land Coal Co. is closed down indefinitely. This item of news is given merely as a rumor as it is not easy to get definite facts. Many men have left town for the mines at Jasper Park, west of Edmonton. Mr. Hayes, one of the last to go, left town for that locality last week.

There are three or four children running loose around Lundbreck. They are under school age and should be at school. That these children should be allowed to do as they please is a sign of some slackness somewhere, either on the part of the school trustees, or on the part of the home control. Advice from the educational department in Edmonton about such cases of children absenting themselves from school, states that it is the business of the Society of Neglected Children to look after them. If anyone can locate the whereabouts of this society in The Pass, or can give any examples of any activity on the part of this society in The Pass, we should be glad to hear.

The Mail Order House

If those who patronize the far away business places will become a little more patriotic and support the home merchants they will be only doing their duty as citizens. Many expect credit—and they get it too—from the local stores during the hard times but often when they have the cash the local merchants are forgotten and goods are purchased from catalogue houses. A writer in an exchange has the following to say regarding the mail order house:

"The Eastern mail order catalogue is already here. What a wonderful book it is, not only for what it does not contain, but as well as for what it does. How eagerly this book is scanned from page to page, and the general offers it contains repeated about the family table."

Things which no doubt would be of great benefit to their customers. Where is their offer to pay cash to the farmer for his produce, or exchange goods for butter, eggs, grain or any other farm product—how much do they pay for your cattle feed at your depot, how much tax to support your schools and educate your children, how much do they offer for improvement of roads and bridges? On what page is their offer to contribute to the church? What fine of credit will they extend to you when your crops are poor, and money gone, when through misfortune, such as prolonged strikes or through illness you are unable to send cash along with your order for groceries or clothing? Where is their offer to contribute to your entertainments? What have they done for you recently?

"In short, will they do any thing to provide a market for what you have to sell, and thereby help to keep up the value of your estate? Will they do anything for social, church, school or government support, or do they take the dollar out of the community with no return except the goods you buy?"

You are probably aware that pneumonia always results from cold, has you never heard of a cold resulting in pneumonia when Chamberlain's Cough Remedy was used? Why take the risk when this remedy may be had for a trifle. For sale by all dealers.

LOTS!

The North-West Quarter of Section Nine Adjoining The Town of Coleman Will be subdivided at once into lots and placed on The Market.

Lots 50 by 100 feet, will be sold at from \$125 to \$200. Terms easy and suitable to Purchaser.

Acres Lots will be sold for \$300 and parcels containing five or ten acres will be sold on easy terms.

Those applying first will get their choice when survey is completed.

This QUARTER SECTION has been purchased from the Calgary and Edmonton Land Company by

JOSEPH GRAFTON
J. H. FARMER

A RARE OPPORTUNITY FOR
LIVE INVESTORS

Lake City

Is the name of the Western Terminal Point of the proposed Crow's Nest Pass Electric Railway and is already tailed by the Pass line of the C. P. R., while the G. N. R. has already approached to within a few score of miles and must eventually pass through this admirably located town.

Lake City

Is located by the shore of Crow's Nest Lake, only a few miles east of the provincial boundary between Alberta and British Columbia, and just north of the international line. In reality, it is at the top of Canada, where the majestic Rockies tower in serene magnificence over great chasms and numerous fiords, reflecting their presence on the waters of this beautiful lake. Here also are afforded the very best looks for the daring mountain climber and for huntsman who desires to outlive the quiet ways of the Rocky Mountain goat, sheep, deer or elk, which are the monarchy thereon. In close proximity are numerous timber, mineral and fuel resources, development of which is now in its initial stages. These resources include gold quartz, coal, iron and pulp wood.

Crow's Nest Lake has long been looked upon with promise as an admirable location for health and tourist resorts, and but now this promise is being realized. Plans for hotels, etc. are being arranged, as well as boat houses, and the most modern pleasure resorts will soon glide over the surface of this beautiful lake.

But a few weeks ago lots were placed on the market, and the agents have had their hands full attending to purchasers. Prices run from \$150 up. For further particulars apply to the agents:

Burmis Scene of Great Development

Davenport Coal Company Active --- New Seams Opened Up --- Trackage and Shipping Facilities Being Improved.

The Davenport Coal Co., of Coal Co. took over the property, did real development take place. E. T. Hutchinson was appointed general manager of the property, Leonard C. Stevens, superintendent, and W. E. Middle, sales agent and chief accountant. Since then the work has gone on rapidly. The company plans very much larger operations this coming summer. A tipple is to be constructed of the most modern type capable of handling 1,000 tons of coal per day. A larger power house will be erected, while the C. P. R. is putting in about two miles of extra trackage, affording very much greater facilities in handling the coal. With such an extensive industry in its midst, Burmis should be an active spot during the coming year.

More than \$2,000 of lots have been sold during the last few months and a great many new

houses have been built. A large steel bridge is being built this summer over the Old Man river, affording easy access to the South Fork country. This should be a great stimulus to making Burmis their trading center.

Burmis enjoys the unique position of having a splendid "backwater" already, just recently opened. It has no saloons or bar yet, though plans have been submitted for a large \$10,000 hotel.

Burmis is well situated. The townsite is a large, well elevated flat, like prairie, while as a backdrop can be seen the lofty snow capped mountains ranged around. All indications point to Burmis as likely to become one of the important villages of The Crows Nest Pass. We believe with its efforts in their outlying outlook, believing that every industrial village is bound to meet to the Pass.

Our Schools

The Blairmore school board is showing its desire to be progressive and modern. The primary room has for some time been over-loaded. Now a fifth room is to be added, which shall provide a place for studies for the various children, and we are sure will greatly increase the efficiency of the work done. We consider this an opportunity to raise the question for kindergarten department. This would not cost the board more than \$1,000 a year in wages and would be of inestimable value to our children. We are of the opinion that there is nothing that so quickly characterizes and helps the child to get a natural outlook upon the world, the kindergarten. So much of training afterward can make up to the child the best of efficient kindergarten work. Teachers of the higher grades universally testify that all the after life of the child is determined by the first year in school and that kindergarten trained children are more observant, more susceptible to ideas than those allowed to remain home or play about the streets. We are learning now that it is wise to teach our children how to play well and that this is just as important as to learn them how to work well.

We hope the board will have no time in acquiring themselves with the kindergarten idea, with the idea of equipping such at least no later than after the summer vacation.

It is Reported That

Blairmore has a fresh chief. When his services are needed, ring up the Bellows house—only four miles away.

Two well-known Blairmore girls have taken advantage of the year nineteen hundred and twelve and have posted the question to their respective fathers. One of the latter is a man from the Kananistota and the other claims allegiance to Uncle Sam.

Sure, there's room in Blairmore for a "match factory!"

W.C.T.U. Organizer Visits

Mrs. M. Hyslop, organizer of Women's Christian Temperance Union, will visit Blairmore on Thursday, Feb. 29th, and Friday, March 1st. She will meet the ladies of the W.C.T.U. on Thursday at 3 p.m. at the Central hall, and will address a public meeting at 8 p.m. Mrs. Hyslop will also attend a meeting of the Board of Health on Friday evening at 7:30 o'clock and address the young people on temperance matters. All who have formerly visited attended these meetings, both young and old.

An Appreciation

Blairmore, B.C.
Feb. 19th, 1912

Editor Blairmore Enterprise:
Dear Sir,—Through business engagements, unending, commencing earlier than expected, it was necessary for me to leave Coleman earlier than I intended, which prevented me personally thanking the many friends who so liberally contributed to the valuable party given to my family and myself. I value very highly, not only the generosity but also the good will and friendship of so many friends after more than eight years residence in Coleman and as I may not have the opportunity of meeting some of them again in the future (through your valuable paper) of thanking one and all; and with a sincere hope of their future happiness and prosperity of wishing them good bye.

Faithfully yours,
JOHN WATSON.

A Clean Sweep

For Okotoks
The Okotoks Advance announces that a large broom factory is to be erected in that town, which will be the first of its kind in Alberta. Every town in the province is not so blessed with the restriction of broom manufacturing, but most towns are in need of the broom.

WANTED—A Girl for general housework. Apply to Mrs. Q. A. Paasmore.

Murder Inquest

The adjourned inquest touching the death of George Lakotok was held at the Frank police barracks on Thursday, Feb. 22nd, and was concluded on Friday the 23rd. Coroner Hinkey presided. Expert testimony produced the following verdict:
"We, the jury, unanimously come to the conclusion that George Lakotok came to his death from wounds caused by revolver shots; and we consider those wounds were fired by Sam Willocky, and were fired wilfully."

The jury was composed of the following: J. W. Gresham, foreman; A. C. Laing, M. H. Marjory, J. L. Ryan, J. L. Hutton and A. E. Jones.

Sam Willocky will appear before a higher court at Macleod on Thursday, (today) for preliminary hearing.

"5000 Facts about Canada" for 1912

The 1912 edition of this popular and indispensable booklet, "5000 Facts about Canada," compiled by Frank York, the widely known writer and lecturer, and author of "Through the heart of Canada," is now out and is replete with new matter, including an outline map of Canada, a calendar and the most complete figures. In compact form is found a wealth of facts and figures of the Dominion that will prove a revelation of our natural resources and growth. The mass of information gathered with intricate and scientific in the hands of every intelligent Canadian, and of the wide sale and popularity of the publication is easily understood. Copies may be had for 25 cents from The Canadian Facts Publishing Co., 507 Spadina Ave., Toronto.

A large audience attended the Blairmore hall on Monday night to hear Dr. Baker's second lecture "Order, its Prevention and Cure." The topic is both interesting and timely, and we hope to see a similar number of these subjects as they will prove of inestimable value to the people of this country.
